

# Provisional Payments Pilot

The Provisional Payments Pilot enables eligible workers to access payments for reasonable medical treatment and services through their employer while their compensation claim is being determined. If the claim is not approved, access to payments will continue to be available for up to 13 weeks.

For more information visit [vic.gov.au/provisional-payments](http://vic.gov.au/provisional-payments)

\*Cost will be reimbursed. A certificate of capacity is only required if the worker is claiming for weekly payments (i.e. time off work). If a worker is only claiming for medical expenses, they are only required to lodge a workers' compensation claim form.
